

MUSIQUE dans les VIGNES

Academy and Festival Musique dans les Vignes June 17 – 24, 2023 – Savennières

« Musique dans les Vignes » is an **academy** which offers masterclasses and the opportunity to meet great masters, while also being a **festival** of music which unites the habitants of Savennières (Maine-et-Loire, France) in exceptional locations at the heart of the vineyard and town.

The event takes place from **June 17 – 24** this year and welcomes students from all over the world – it is recommended to have « niveau licence » -, as well as internationally renowned professors. Participants of the masterclasses will be selected based on sent in recordings and curriculum vitae.

Anne Queffélec, piano
David Grimal, violon
Mathieu Herzog, string quartet
Magali Mosnier, flûte
Trio Chausson

Accommodation of students and professors will be ensured by families living in Savennières who will welcome and accompany the musicians, as well as provide transportation.

Meals will be served in the familial and sociable atmosphere of the restaurant « À table chez Millie » in the village of Épiré, the center point of all logistics of the festival. Several times per day, the whole team comes together there in its warm-hearted ambience.

The participants of the masterclasses will have the opportunity to present themselves in extraordinary places, in the parks of the grand residences of the town (churches in case of bad weather), in front of a varied public.

Rate

Costs for lessons, accommodation and catering: 400€

The organisation of the festival will not pay for the means of transport for getting to the festival and back, but the participants will benefit from individual transportation from Gare d'Angers to Savennières and back, which will be adjusted to the arrival and departure time of their trains.

New

The ten resident wine makers have partnered up this year and will contribute to a fund, from which it will be possible to grant certain students scholarships relative to their income (individual handling, contact us).
